Chapter**

2025 Sponsorship Guidelines

The primary objective of Women In Defense Space Coast Chapter (WIDSC) is to provide networking and professional development opportunities to promote the role of women in the national defense and security environments, to support military Service members, and to encourage partnerships between the contractor community and Department of Defense (DoD) and federal agencies in Florida's Space Coast community.

We strive to actively promote women for key leadership and technical positions throughout the region, and we focus on giving back to our local communities through participation and promotion of charitable initiatives to include scholarships for deserving students wishing to pursue studies in Science, Technology, Engineering, and Math (STEM) to further their careers. [View more about WIDSC STEM.](#)

We have several levels of corporate and individual sponsorship opportunities to help you promote your company year-round to a group of leading industry professionals and leaders in our community.
